## PLANS OF JAPAN

Will Harass Russia Until Ready to Strike.

500 Russians Killed in one of the Disasters—The Czar Says He's Unlucky With Japs.

THE LATEST WAR NEWS.

Choo Foo, Feb. 18.—The Japanese plan, it is ascertained, is to continue to harass Port Arthur from the sea until they are ready to begin a land campaign. The Japanese say the attacks thus far have been merely skirmishes, and that the Russians will be surprised when the real attack comes.

PORT ARTHUR TRANQUIL.

St. Petersburg, Feb. 18.—Major Gen. Pfling, chief of staff at Port Arthur reports the city tranquil and says the situation is unchanged. He also reports the Yalu district peaceful, and that none of the enemy can be found within forty miles of the Russian encampment. A Lemberg Galicia news paper, the Slowo Polskie, states that Czar Nicholas is ill and exceedingly depressed over the war. He was recently heard to remark: "I'm unlucky with the Japanese. My ill luck began when I was Czaritch and was attended by Japanese soldiery."

500 RUSSIANS KILLED.

London, Feb. 18.—The Tokio correspondent writes that seventeen Russian officers and 430 men are either killed or drowned in a fight at Chonmulp, Korea, a week ago Tuesday, when the Russian cruisers Varieg and Korietz were sunk.

DENOUNCES JAPAN.

Moscow, Feb. 18.—The German consul here appeared outside the consulate today and addressed a crowd. He hotly condemned Japan for striking before war was declared.

A CLASH EXPECTED.

London, Feb. 18.—The Tien Tsin correspondent of the Leader claims to have ascertained from official authority that a number of Japanese that have left Japan for Manchuria is one hundred thousand. The correspondent adds that more men are due at Dalny or that vicinity today. This, if true, means that a clash will probably come sooner than is generally expected.

RUSSIANS AT YALU.

London, Feb. 18.—Dispatches published here state three thousand Russians have arrived at Yalu river opposite Wiju. Only yesterday Wiju was declared an open port to the commerce of the world by the emperor of Korea. This declaration was first sought by the United States and is believed to be the direct result of the influence of the Japanese.

JAPANESE BASE OF SUPPLIES.

Rome, Feb. 18.—The Russian embassy here is authority for the statement that the Japanese fleet has established a base of supplies at Elliot islands, off the coast of Liao Tung peninsula, about 75 miles northwest of Port Arthur.

SHOT LIEUTENANT DEAD.

London, Feb. 18.—The correspondent of the Express at St Petersburg telegraphs via Eydtkuhman:

"I have just learned from a high official source the story of a dramatic sequel to the disastrous night attack of the Japanese torpedo fleet on the Russians at Port Arthur.

"The story is to the effect that Admiral Alexieff summoned before him the officers whose negligence was believed to be the main cause of the Russian defeat.

"After cross-examining them as to their conduct the viceroy became convinced of the guilt of a lieutenant among them, and drawing his revolver, shot the young officer dead in front of his comrades. The lieutenant is said to have taken a party of officers ashore in his torpedo boat instead of remaining on guard at his appointed station."

This story goes to confirm the re-

## LIFE IS EBBING

Capt. W. C. Clark, of Paducah, Believed to be Dying.

Has Pneumonia at Frankfort—His Illness Has Been Brief.

REPRESENTATIVE McDONALD

Frankfort, Ky., Feb. 18.—Representative W. C. Clark, of Paducah, McCracken county, the oldest member of the house, and Representative Henry McDonald, of Louisville, are reported in a dying condition from pneumonia and neither is expected to live more than a few hours longer.

Capt. Clark has been ill but a short time. Yesterday he was not thought to be sick, although confined to his room, but the malady suddenly developed and last night his condition became critical, and members of his family were sent for.

Capt. Clark is at the Board of Trade Hotel, and last night before the knowledge of his illness became general, had a hard chill. He is the oldest member of the house, and made a speech that won him the admiration of everybody on the capital hill earlier in the session. This is the second successive term of Capt. Clark, who years ago, however, was in the legislature.

He served several terms as postmaster of Paducah a few years ago.

Representative McDonald has been ill for several days, and although comparatively a young man, his case now seems hopeless.

ported lack of discipline among the Russian forces and explains how it was possible for such a bold attack to succeed.

SUMMARY OF WAR NEWS.

Confirmation of the report that the Japanese re-entered Port Arthur Sunday morning has been received. Two Russian ships were blown up the Mikado's boats escaping safely though under a heavy fire.

The Japanese government has accepted the aid of American trained nurses for Japan made by Dr. Anita Newcomb McGee of Washington.

The Russians are relieving all persons from Korean ports of their nationality.

Twenty-five thousand Turkish troops are reported besieging and famishing at Bataghosi by 20,000 Albanians.

Russia's reply to Secretary Hay's note is expected within a few days.

All non-combatants have been ordered to leave Vladivostok.

Detachments of Japanese cavalry have landed at Wiju on the Yalu river. Eight Japanese transports are en route for the western coast of Korea.

Grand Duke Valtimir cousin of the Czar who visited this country several years ago, has departed for the far East.

It is feared that the British steamer Hsi-Hing bound from Chiu Wang Tao for Shanghai with passengers and bullion has been captured. The ship is overdue and was last seen in the Port Arthur Roads.

## CROWDS GATHER

BUT THE FUNERAL TRAIN OF SENATOR HANNA DOES NOT STOP.

Pittsburg, Pa., Feb. 18.—The Hanna funeral train arrived here this morning. All along the route the people gathered, but no stops of importance were made.

THOUSANDS VIEW REMAINS.

Cleveland, O., Feb. 18.—Senator Hanna's remains arrived here shortly before noon, and were taken to the hall of the chamber of commerce and there lie in state. It is estimated that ten thousand persons viewed the face of the dead senator during the first hour.

Referee Bagby Winds Up Iron Furnace Case.

Gives Banks Prior Claims in Assets—Case Pending a Long Time.

MANY LOSERS SUE.

Attorney E. W. Bagby, referee in bankruptcy, this morning finished a 20 page judgment in the case of the Citizens Savings bank, George Wallace and others against The Kentucky Furnace company, bankrupt, in which the case is decided in favor of the plaintiff for money in the hands of Trustee R. G. Caldwell, amounting to approximately \$6,000.

The furnace company quit business in July two years ago, and there was a great deal of raw material on the ground which was given in as assets. This material was sold by the trustee and the money held pending the action of several suits brought by local and foreign plaintiffs who had furnished material on money.

The local plaintiffs in the above action loaned money to the company to continue business, and the judgment filed gives them the prior lien on the assets, the money therefore going to the plaintiff in preference to material creditors who furnished material and labor.

There are a number of laborers who lose, besides foreign creditors. Attorney George Oliver, J. M. Worten and A. Y. Martin represent about one hundred laborers who have claims amounting to a total of \$1,000. The total debt against the company held by men furnishing material, amounts to several thousand dollars.

Attorneys Greer & Marble represented the plaintiffs in the above action while Attorney J. D. McQuot represented Trustee Caldwell.

The judgment was filed today in Referee Bagby's office and can be appealed to Judge Evans for revision and from him to the district circuit court and then to the supreme court of the United States, if any one chooses to carry it that far.

Judge Evans referred this suit to Referee Bagby some time ago, not caring to render a judgment himself, and Mr. Bagby being well acquainted with the facts and the conditions.

Mr. Duke Caldwell returned to Central City today at noon.

## ABOUT THE HALL

Destitute Man Given a Month for Stealing.

Two Thefts Reported to the Police Last Night—One Arrest.

OTHER CITY HALL NEWS.

Hugh Quinn, the aged man who told a hard luck story to the mayor yesterday and was furnished transportation to Caseyville, Ky., where he has relatives, did not even get to the boat late yesterday when she whistled.

On his way down he saw an overcoat hanging out in front of the Goodman-Schwab store on Broadway, and confiscated it. He was observed and before he got down to the river he was overtaken and arrested.

This morning he was taken before Judge Sanders, and because of his age was let off with 30 days in the city prison. Petty thieves usually get three months.

Alonso Bradley, a young white man and evidently a tramp, was arrested this morning for petty larceny. He is charged with stealing a box of snuff valued at about \$3 at the wharf, and selling it to Tom Boswell, bartender at the Tony Faust, claiming it was his. He sold the snuff, which was recovered, for 50 cents. He will be given a trial tomorrow.

The Hall grocery at Second and Jefferson streets, formerly owned by Colonel Joe Potter, was entered by thieves last night and a few dollars worth of property taken. The thieves entered by a rear door, and took tobacco, cigars, pennies and other articles, leaving no clue.

City Jailor Evitts is still quite ill from rheumatism, and will not be out for several days at least. His many friends, however, will be glad to learn that he is improving, and is now able to be up.

DIED IN TENNESSEE.

Mr. and Mrs. W. A. Kipp, of South Sixth street, have returned from Martin, Tenn., where they went to attend the funeral of Mrs. Kipp's mother, Mrs. Sarah Collier, who died there at the age of 89.

Dr. E. W. Potter, of Waukesha, arrived today to take a position as instructor of piano, organ and harmony in the Lightfoot school of music at the Y. M. C. A. building.

MAP OF KOREA AND VICINITY. Korea strait, between Korea and Japan, is only 10 miles wide and midway between the two countries are the well fortified Tsu Islands, owned by Japan. This narrow strait, dominated by the forts and fleet of Japan, is Russia's avenue of communication to the Yellow Sea, on the north, and Port Arthur, the southern terminus of her Chinese Eastern railroad, which connects with the Trans-Siberian line. A Japanese colony in Korea, is rapidly being developed by rail with Seoul through the efforts of the Japanese government. There is also a short line between Seoul and Wonsan, and another between Wonsan and Pusan. The map also shows the boundary between Korea and Manchuria and the checkerboard lines of the Japanese and Russian railroads.

## NARROW MARGIN

Paducah Escapes Another Experience With Sleet Storm.

Slight Moderation Results in Rain, Which Prevents a Freeze and Much Damage.

SLICK STREETS DANGEROUS

Many people today envied the "rough shod" hack horses, for walking has been very uncertain. Late yesterday afternoon the streets and sidewalks became a sheet of ice, and there is no telling how bad it would have become had it not rained during the night and destroyed the ice to some extent. It was feared for a time that another sleet storm was upon us, and the street car company operated a car all night to keep the water from freezing to the wires and by the great weight snap them.

It was the first time in some time that the boys could skate on streets and sidewalks, and reminded citizens of the times fifteen or twenty years ago, when skating on the streets was a pastime frequently enjoyed during a winter, but in late years almost unknown.

The latest is "have you an accident policy?" Pedestrians on the streets cut up very funny capers—to everybody but themselves, but there have been but few serious accidents, resulting from falls on the slippery streets and pavements.

Many business men sprinkled salt in front of their places of business and melted the thin crust of ice but in some portions of the city the pavements are in such a dangerous condition that the streets had to be resorted to for traffic, and these was bad enough. Although muddy and wet the streets were taken to with a will and the pavements resembled a school house on Saturday.

In the railroad yards the switchmen are working under difficulties and making up freight trains was hindered to a great degree this morning. In switching the switchmen had to feel their way about and no time was lost. Some attempted hanging on the rear end of box cars and jumping off at the switch, but a few hard falls on the slippery and uncertain footing afforded by the ice covered ground, was warning sufficient to take no more risks.

Street car traffic was delayed a little last night by the ice coating forming on the trolley wires and continually keeping the trolley in the air.

School children were late this morning in their efforts to make the usual progress. Those who live in the outskirts of the city required more than twice the ordinary time to reach their schools, and when the bell sounded calling the pupils together for study, a number of those in the primary grades were absent, some remaining away afraid to risk the ice and some being delayed in walking.

Chief Wood, of the fire department, and the telephone and telegraph men who had such hard times two years ago because of the sleet storm, say that Paducah had a close call from another visitation last night.

To produce results such as those felt here two winters ago, it is necessary to drizzle and freeze. One degree warmer makes rain, and one degree colder makes snow or sleet. The water collects about wires and other objects and freezes and in a short time becomes very heavy, breaking stout poles, wires and the limbs of trees.

Had it not suddenly moderated slightly last night, Paducah would this morning have found herself probably without electric power or light of any description, and fully half the damage done two years ago would have been done last night.

As it is, however, there has been very little damage. The telegraph companies had some trouble early in the morning, but it did not last.

The telephone companies had practically none, and neither did any of the other electric light or power companies.

## LOOKS SERIOUS

Reported That New Evidence is Discovered About Iroquois.

Practically Certain That the Grand Jury Will Find an Indictment.

REPORT IS EXPECTED SOON.

Chicago, Ill., Feb. 18.—The story of a conference in the office of Mayor Harrison subsequent to the filing of the theater report, and previous to the opening of the Iroquois theater developed for the grand jury yesterday the most important line of information that has been reached in regard to the incriminating responsibility of the city executive and his commissioner of buildings George Williams and indictment against Mayor Harrison was made more probable by the evidence.

The latest path of investigation will lead to the question of whether Mayor Harrison ordered a license granted to the Iroquois theater after it had been refused by Commissioner Williams. An affirmative answer would verify a report that has been current in both the city hall and criminal court building for a week and would plunge the mayor into a predicament before the jury.

A negative answer if complete enough to exonerate the mayor would mean the placing of criminal responsibility on Williams.

It was established before the coroner's jury that Williams signed a recommendation for a license to the Iroquois. He practically denied this on his first hearing and the next time identified his signature, but explained that he could not remember signing the petition. Since then it has been learned that this is the only similar application that bears the indorsement of the building commissioner. The blanks are not provided for such an indorsement, and Williams or some one else signed where the police inspector is supposed to affix his name. Nothing of the kind was ever done before and Williams told the coroner that he could not remember the circumstances.

So far as the grand jury has gone into the connection between the meeting and the signature of Williams to the license application, there is suspicion that Williams was either advised or ordered to sign the paper. If this is established Mayor Harrison may be held accountable for the fact that the theater was in existence. If not Williams is directly accountable, and will likely be indicted.

Behind all this the grand jury has reviewed the rumor that after finding all the forty-two theaters in the city faulty in construction as well as in fire protection the building commissioner refused to sign applications for a license until he was ordered to do so. This order is rumored to have come from the mayor. Williams will not talk and Mayor Harrison will not comment on the matter.

## DOWIE RUN OUT

Has a Close Call in Australia  
From Mob.

Little Girl Dies After Seeing "Uncle  
Tom's Cabin"—Carrie Na-  
tion's Imitator.

NEW JAILS IN TEXAS.

Sydney, N. S. W., Feb. 18—"Eli-  
jah" Dowie is having a turbulent  
time. Rowdy scenes culminated when  
the mob broke up his meeting and  
drove Dowie out of the hall. Dowie  
escaped in a cab. A howling mob of  
5,000 followed him to his hotel and  
the police were powerless to restrain  
the people. Dowie, fearing an attack,  
fled from the hotel and his where-  
abouts is unknown.

### THE ACTING KILLED HER.

Port Huron, Mich., Feb. 18—Mary  
McKay, aged 14, is dead, and the  
cause is attributed to her witnessing  
the death of Little Eva in the play,  
"Uncle Tom's Cabin," at the opera  
house. The death scene and Little  
Eva's vision had a peculiar fascination  
for the child. When she went home  
she complained of being ill, and, turn-  
ing to her mother, partly enacted the  
death scene, substituting herself for  
little Eva.

A doctor was called, but the girl's  
condition became worse, and she died.  
Dr. Threadgold says she died from  
heart trouble, superinduced by fright  
caused by continued thinking of the  
death scene in the play.

### ONE KENTUCKIAN IN IT

Washington, Feb. 18—Rev Anna  
H. Shaw was elected president of the  
National American woman's suffrage  
association. Mrs. Carrie Chapman Catt  
takes the position of vice president at  
large. The other officers elected were:  
Miss Kate M. Gordon, New Orleans,  
corresponding secretary; Mrs. Alice  
Stone Blackwell, Boston, recording  
secretary; Mrs. Harriet Taylor Upton,  
Warren, Ohio, treasurer; Miss Clara  
Smith, Minneapolis, and Miss Laura  
Olney, Lexington, Ky., auditors. All  
were re-elections, with the exception  
of Miss Smith, who succeeds Mrs.  
Mary J. Coggeshall of Des Moines,  
Ia., as auditor. Portland, Ore., was  
selected as the meeting place for the  
next meeting.

### NOVEL JAILS.

Beaumont, Tex., Feb. 18—Much  
lawlessness prevails in the Houston oil  
field, and the peace officers are handi-  
capped by the lack of a jail. When it  
becomes absolutely necessary to punish  
offenders they are chained to trees and  
permitted to stay there for such length  
of time as the officers deem necessary.  
Ranger Captain Brooks has gone to  
Austin with a suggestion that rangers  
be stationed there for a time.

### FIANCE IN JAIL.

Binghamton, N. Y., Feb. 18—Miss  
Victoria Pfeiffer of Chicago, arrived in  
this city to wed James Rankin, to  
whom she had been engaged through a  
Chicago matrimonial agency, to find  
that the address, 60 Collier street,  
from which he wrote, was the county  
jail. Rankin pleaded guilty to for-  
gery this afternoon and instead of tak-  
ing a wedding trip he will serve a  
term in state's prison.

### ANOTHER CARRIE NATION.

Topeka, Kas., Feb. 18—Blanche  
Boies was sentenced to serve thirty  
days in jail and pay a fine of \$100 for  
her second offense in smashing the  
windows of buildings in which joints  
were operating a year ago.

Plans have been completed for an  
addition to the Paducah Brewing com-  
pany's fine plant at Tenth and Monroe  
streets, which will be used as a cold  
storage plant and for bottling their  
beer. The company has been using  
the bottling concern at Tenth and  
Main streets since the building was  
finished. Bids will be asked soon for  
building the addition.

## IS FROM BOMBAY

An American Traveler Passes  
Through Paducah.

Established the First Steam Laundry  
in Bombay—Says American  
Goods go Everywhere.

TALKS INTERESTINGLY  
OF CUSTOMS.

Mr. Frank A. Rodgers, a laundry  
chemist of much experience and travel,  
is a guest of Mr. Claude Baker, of the  
Baker laundry, en route to his home  
in Riverside, Cal., from Bombay,  
India. Mr. Rodgers is an educated,  
affable gentleman, and is very enthu-  
siastic over the ready sales of American  
goods, no matter of what description,  
and all over the world.

Mr. Rodgers enjoys the distinction  
of having established the first steam  
laundry in Bombay, and one of his  
first customers was Lady Curzon, who  
was formerly Miss Leiter, of Chicago.  
The latter's laundry bill for four  
weeks was \$168, which over in this  
country would be \$700. Mr. Rodgers  
says he has been in a great many  
places but that Lady Curzon is the  
most beautiful woman he ever saw,  
and the fact that she is an American  
is something of which every Ameri-  
can in Bombay is proud.

Before the steam laundry was estab-  
lished the foreign residents suffered  
their laundry to be beaten against the  
rocks to make it clean. Sometimes  
they received half of their laundry at  
the end of two weeks and sometimes  
they did not. Owing to the religious  
prejudice of the natives, they refused  
to patronize the laundry at first. How-  
ever, Connel Fee from this country  
has done much toward making the en-  
terprise a success.

"The introduction of American  
machinery is working transformation  
in India," said Mr. Rodgers. "It is  
being received by the car load. Dur-  
ing the past few years agriculture has  
advanced 5,000 per cent on account of  
the use of American machinery in the  
big rice, wheat and hemp fields.

"The rigorous punishment of Coolie  
criminals in India under the British  
administration in sentencing them to  
the mines of that country for life,  
never to see daylight again, is a treat-  
ment formerly accorded the nules in  
this country, but now considered  
too inhuman for that brute, and not  
practiced.

"The American typewriters, sewing  
machines, bicycles, telephones, elec-  
tric cars and other machinery is com-  
ing into general use in the large cities  
of India. The country is being  
Americanized rapidly. The people  
are beginning to take kindly to labor  
saving devices and there is a great  
future open to this country in the  
trade with India."

In some parts of the country there  
is still a great prejudice against for-  
eigners. At Dhantari, a central prov-  
ince of India, the natives starved by  
thousands rather than touch grain  
which was sent over from this coun-  
try.

The Parsees, a religious sect, dis-  
pose of their dead by taking them to  
the 'tower of silence.' This is a great  
stone building 100 feet high. The  
bodies are placed in it, and ten min-  
utes later only the bones remain, as  
hundreds of vultures are engaged in  
devouring the bodies as soon as they  
are deposited in the tower. The bones  
are thrown into the sea, which is wor-  
shipped by the Parsees.

## FEBRUARY 22.

ORDERS RECEIVED DIRECTING  
ITS OBSERVANCE BY POST-  
OFFICE DEPARTMENT.

Orders have been received from the  
postoffice department at Washington  
declaring February 22 a national holi-  
day, and ordering that there be no  
rural free delivery on that date. The  
order requests all of the rural free de-  
livery men to observe the holiday.  
There will be one delivery of mail  
within the city limits during the day.  
This will be at 10:30 o'clock in the  
morning, and after that hour the post-  
office will be closed.

### BURIAL IN COUNTY.

Mr. Albia Shelby, aged 35, who died  
from measles near Woodville, was bur-  
ied yesterday at the family burying  
ground.

## MYSTERY NO MORE

Fourteen Year Old Colored Boy  
Confesses to Killing Child.

Claims the Mayfield murder Mystery  
Resulted From an Ac-  
cident.

WAS NOT ARRESTED

Mayfield has an alleged murder case  
similar to the killing hero of Mary  
Duke, aged 9 year's a short time ago  
by Fannie Holmes, who claims the pis-  
tol went off accidentally. A four-  
year-old daughter of Walter and Ben-  
lah Wright, colored, was found dead  
with the contents of a shot gun in her  
body.

For some days the identity of the  
girl's slayer was a mystery, but now  
Curtis Wright, the fourteen-year-old  
brother of the child's father, admits  
that he shot the child accidentally.

He said that between 4 and 5 o'clock  
of the day of the killing he left the  
stable where he is employed and went  
to the house after some bottles. The  
girl was in the room and while she  
was standing at the foot of the bed, he  
unbreached the gun and when he went  
to rebreach it, the gun went off and  
the girl was killed. He put the gun  
back and slipped out the back way,  
through the fence and on back to the  
stable. At the inquest he denied be-  
ing at the house and said he was only  
away from the stable long enough to  
go to the post office. No warrant has  
been issued. Chief McNutt went af-  
ter the boy and after County Attor-  
ney Wallace and others heard the boy's  
statement, Attorney Wallace ordered  
the boy released and Chief McNutt  
turned him loose to await further de-  
velopments.

## FOR NEW MISSION

MATTER TO BE AGAIN TAKEN  
UP IN WORTEN'S ADDITION.

The matter of building a new Bap-  
tist church in Worten's addition is to  
be again agitated. Rev. J. L. Perry-  
man did good work last fall towards  
organizing the Baptists of that section,  
and they have quite a congregation at  
present, holding services every Sunday  
in one of the dwellings. Next Sun-  
day afternoon at 2 o'clock Rev. G. W.  
Perryman, of the First Baptist church,  
will meet with the congregation out  
there and see what steps can be taken  
to build a church.

### TO PRACTICE LAW AT EIGHTY.

Lincoln, Neb., Feb. 18.—Julius  
Lombard, 80 years of age, of Omaha  
was admitted to practice law. He  
was a famous singer years ago, and  
sang during Lincoln's campaign and  
at his funeral.

## ANSWER IT HONESTLY

ARE THE STATEMENTS OF PADU-  
CAH CITIZENS NOT MORE RE-  
LIABLE THAN THOSE OF  
UTTER STRANGERS?

This is a vital question.  
It is fraught with interest to Padu-  
cah.

It permits of only one answer.  
It cannot be evaded or ignored.  
A Paducah citizen speaks here.  
Speaks for the welfare of Paducah.  
A citizen's statement is reliable.  
An utter stranger's doubtful.  
Home proof is the best proof.

J. R. Womble, of 1005 South Fourth  
street, says: "An attack of typhoid  
fever twenty years ago left me with  
weakened kidneys and I have had  
some pretty severe attacks of backache  
some of them so bad that I have had  
to crawl around the house on my hands  
and knees. There was no rest, neither  
day or night, despite the use of a  
vast amount of medicine and more  
than one prescription. With very lit-  
tle expectation that I would get re-  
lief, I tried Doan's Kidney Pills, pro-  
curing them at DuBois & Co.'s drug  
store. One day's treatment convinced  
me that they were going to the spot,  
and when I stopped their use the last  
attack disappeared."

# A Sweet Breath

Like the fragrance of a rose comes  
a sweet breath from the healthy  
stomach. The breath is an index  
to the health. When the breath is bad the stomach  
is out of order. A disordered stomach strikes  
terror to the nervous system and weakens every  
tissue and muscle of the body. It weakens the  
brain, the heart and damages the kidneys. A disordered  
stomach starves the blood and weakens the system  
because it can not digest and assimilate sufficient food  
to keep up the health and strength.

## Kodol

### DYSPEPSIA CURE

corrects every disorder of the stomach. It is not recom-  
mended for any complaint except those arising from a disordered  
condition of the stomach. Kodol does for the stomach that  
which it is unable to do for itself, even when but slightly disordered  
or overloaded, relaxing the nervous tension, while the inflamed  
muscles of that organ are allowed to rest and heal. Kodol cleanses,

Bottles only. Regular Size, holding 2 1/4 times as much as the trial size which sells for 50 cents.  
Prepared only at the laboratory of E. C. DEWITT & CO., CHICAGO.

"I have suffered with heart-burn, and have had most  
severe attacks of same. I would wake in the night with most  
suffering pains. I read of Kodol Dyspepsia Cure and with no faith,  
I tried a bottle. I kept it at my table and I must say,  
I found quick relief. In all, I have taken three small bottles, and for  
the past year have had no return attack." Deves Kim, Portland, Ore.

"For a great many years I have been troubled with Dyspepsia. I have  
tried all the known remedies without obtaining any results. Kodol was  
recommended to me by my druggist and after taking a few bottles I am  
glad to say that I can eat anything I wish without suffering from indi-  
gestion. I recommend it to all sufferers from Dyspepsia, no matter  
how serious their case is." E. A. Decker, Little Falls, N. Y.

## "HEAP VALENTINES."

CHIEF JIM BIG HEART, NOW IN  
WASHINGTON, SPENDS \$520  
FOR MISSES OF  
LOVE.

Washington, Feb. 18.—Chief Jim  
Big Heart, of the Osages, wrapped  
about with a red blanket, strode into  
a department store, followed by three  
braves, each swathed in a red blanket.

Chief Jim Big Heart is one of the  
richest of the tribe. He beckoned tem-  
peramentously to a floor walker and said:  
"Valentines, valentines, heap valen-  
tines."

"In a glass case near by there reposed  
forty of the finest valentines in the  
store. Chief Jim Big Heart saw  
them, and, with an embracing gesture,  
said:

"Me take."  
"All of them?" asked the young  
woman behind the counter.

"Ugh," said Chief Jim Big Heart.  
Clerks ransacked the stock and pro-  
duced the finest. Chief Jim Big Heart  
and his three braves stood stolidly and  
said: "Me take" as bunch after bunch  
was brought out.

"How much?" asked Chief Jim  
Big Heart.

"Five hundred and twenty dollars,"  
the clerks finally said.

Chief Jim Big Heart produced a roll  
of bills and counted off the money.

Chief Jim Big Heart for an hour  
dictated addresses of men in all parts  
of the country and some in Wash-  
ington, including the President, Repre-  
sentative Sherman, Chairman of the  
Committee on Indian Affairs; Repre-  
sentative Curtis, of Kansas, who has  
Indian blood in his veins; Speaker  
Cannon, Senator Stewart, Secretary  
Hitchcock, Commissioner Jones and  
many more.

"Indian ladies no get valentines,"  
said Chief Jim Big Heart.

## CAMPHOR SOARS

Today it Had Gone to Ninety Cents.

War in the East Jeopardizes the Supply—It Will Go Still Higher.

INTERESTING FACT ABOUT IT

The Russo-Japanese War has sent the price of camphor soaring, partly on account of the large consumption expected in smokeless powder and partly because a large source of production promises to be blocked indefinitely. Camphor is one of the most important ingredients of smokeless powder, and during the Spanish-American war the price went from thirty-two to eighty cents.

The market price of camphor by wholesale was ninety cents today without offers for contracts which are usually made for six months, and it is believed that the figure will reach \$1 before spring. The commodity has risen from fifty-six cents a pound to the present figure this year. The preservation of woodens by means of camphor would be one of the expensive items on the accounts of housekeepers in the spring.

While the Russo-Japanese War is regarded as the prime factor in the present advance, camphor has been steadily on the up grade since the Spanish war. Its extensive use for the manufacture of celluloid, gun cotton being the only other ingredient of that commodity, in addition to the vast amounts used in the manufacture of smokeless powder, has caused the supply to become almost inadequate for the demand.

The supply of camphor comes principally from Canton, with which port commerce will be greatly retarded by the hostilities in the East. Batavia, Singapore and Calcutta also furnish some of the world's supply, and London is a great camphor market. It all originally comes from China and Japan, and consists of two varieties. The finest of the product comes from Japan, but the bulk of it is produced by camphor trees on the island of Formosa, and carried from there to Canton. In its crude state it is packed in chests lined with lead and having a capacity of 180 pounds each. It is in grains and granular masses, and the production is increasing on the Chinese mainland. Kwang Si raises camphor extensively and some of the gum is secured from trees in Fukien. Japan sends most of its product to Batavia, from which it is distributed throughout the world.

The apothecaries do not keep crude camphor as it is brought from the East but the practice of refining their own gum is more and more engaged in by that class of merchants. The refining process was originally Chinese. The Venetians carried it to Europe, and the Dutch were the next to acquire the process. It has recently become generally known, and is now a common formula in the laboratories of all chemists. To the crude gum one-fifth part of quicklime is added. It is exposed in an open vessel of iron and the heat gradually raised until the gum melts and vaporizes. It is then condensed and is ready for mercantile purposes. Camphor is also made by a chemical process.

## BADLY CRUSHED.

ACCIDENT TO AN I. C. SWITCHMAN AT MOUNDS.

Tom Whiteaker, a switchman for the Illinois Central at Mounds, Ill., was run over by engine 620, in front of the Y. M. C. A. building there. He failed to notice the engine, which was backing up and stepped backwards upon the track. One limb was crushed below the knee. The engine crew did not know that they had run over him until they had passed on down the track.

Whiteaker is a brother of Dr. Whiteaker, of Mount City, and has a wife and one child living at Mounds.

He was taken to Cairo and placed in the infirmary.

Mr. Whiteaker is well known among railroad men.

## FORCE COMPLETE

Chief Dispatcher Cheek Announces Appointment.

Dispatcher North Leaves Saturday—Many Engines Repaired This Year.

THE PAY CAR IS HERE

Mr. H. A. Wardenberg, a dispatcher from the Oregon Short line and Santa Fe road, has accepted a position with the local I. C. under Chief Dispatcher Cheek, of the Paducah district, and will go to work shortly. He succeeds Dispatcher Shaw, resigned.

The dispatching force of the Paducah district is as follows: J. T. Cheek, chief dispatcher; W. L. Bennett, first trick; Dispatcher H. A. Wardenberg, third trick man; Tom Glenn, operator.

Mr. Cheek has been over the district several times and is now thoroughly acquainted with the territory assigned to him. He has taken charge of the office here and the division is being run smoothly under the new arrangement.

Mr. E. F. North, chief dispatcher of the Louisville and Evansville districts, will return to Louisville Sunday. Mr. North has made many friends here since he has been working the division from this end, who will regret to see him leave.

During the month of January over 1,000 engines were repaired in the Paducah roundhouse I. C. shops, and this beats the records of the Burnside shops in Chicago. It is said.

Engines when badly disabled are taken into the machine shops, but those which can be repaired in a short time and taken to the round house and repaired, less time being required in making the necessary repairs.

The pay car arrived this morning shortly before noon and all hands were paid off. The merchants will, as usual, remain open tonight to accommodate the railroad patronage.

## THE NEW BISHOP

Brooklyn, N. Y., Man is Believed to be the Successor.

Of the Late Bishop Dudley—Is Not Well Known in Kentucky.

Rev. Arthur C. Kinsolving, D. D., of Brooklyn, N. Y., is mentioned as a probable successor to the late Right Rev. Thomas U. Dudley, bishop of the Kentucky diocese of the Episcopal church. Dr. Kinsolving was a life long friend of Bishop Dudley, and it would seem altogether appropriate that he should fill his place. He is a southern man, belonging to a distinguished Virginia family.

Dr. Lee, of Lexington has been mentioned as Bishop Dudley's successor, but objection is made to the broadness of his religious views, which will probably interfere with his selection.

Paducahans favor Dr. Kinsolving for the bishopric, and would like to see him chosen for the honor in the council of the church which convenes in May. He has been in Kentucky, but never in Paducah, so far as known.

## CHANGE OF CURRENCY

TO TAKE PLACE IN MEXICO AFTER THE PRESIDENTIAL ELECTION.

Mexico City, Feb. 18.—Sir William Mullock, postmaster general of Canada, and Lady Mullock left this city tonight expecting to arrive in Ottawa in time for the opening of proceedings in the Canadian parliament.

New Mormon colonies are to be established in the Southern state of Tabasco on the Guatemalan line. A large hacienda has been purchased for the colonists and in a few days a party of Mormons will arrive at San Juan Bautista, capital of Tabasco. It is expected this colony will be as flourishing a Mormon settlement as there is in Northern Mexico.

The demand for Mexican dollars for the East continues, and bankers fear if the drain continues the tightness of the money market will increase.

It is rumored that the change of the currency to a gold standard will take place late in the summer or in the autumn, after the presidential election is over.

## CONTRACT BROKEN

PADUCAH MAN FAILS TO GET PAPER HE BOUGHT AT HENDERSON.

Mr. George S. Beard, of the News-Democrat, states that he will shortly institute suit at Henderson, Ky., against John A. Lyne, former owner of the Henderson Journal, for alleged breach of contract.

A deal had been on for the plant for some time, and Mr. Beard last week went to Henderson, which is his former home, and in the presence of witnesses, according to his statement, made a verbal contract to purchase the plant for \$5,000 cash.

Everything had been arranged for the transfer, when Mr. Beard learned that the paper had been sold to a company at Henderson for \$8,000. Mr. Beard has retained Attorneys Lockett & Lockett, of Henderson, and will have a Paducah firm, also, represent him.

## TO GET ENGINES.

AND PREVENT THE CANCELLATION OF POLICIES.

Evansville, Ind., Feb. 18.—Representatives of eleven insurance companies have agreed not to cancel policies on account of the water situation here, if the city will get special engines. Efforts are being made to get them at Louisville, Cincinnati, and St. Louis. The conditions were slightly better today. Two pump boats have been put in commission. Fire today destroyed ten buildings at Howell, a railroad suburb. The loss is \$1,000.

## LABORER KILLED.

Major Thomas Moss has returned from Woodville, where he has been under the treatment of his son, Dr. Thomas Moss.

## NO DEATH PENALTY.

PORTO RICAN HOUSE OF DELEGATES PASSES BILL BY VOTE OF 15 TO 11.

San Juan, Porto Rico, Feb. 18.—The house of delegates, by a vote of 15 to 11, has passed a measure for the abolition of the death penalty, and the indications are that it will pass the council by a majority of 1, thus leaving the final decision to Governor Hunt. Two persons are now sentenced to be hanged under the new code. The Americans are almost solidly in favor of capital punishment, which is opposed by the natives in general.

## HIP DISLOCATED.

PAINFUL INJURY YESTERDAY TO AN AGED LADY.

Mrs. E. J. Bean, the mother of Chief Engineer John Holmes, of the Paducah Water company pumping station on South First street, slipped on the ice yesterday afternoon late and broke a hip.

Mrs. Bean was going into her house at 223 South First street when she slipped and fell. She was unable to rise and was carried into the house where medical aid was secured and the injured hip dressed.

Mrs. Bean is about 55 years of age and the accident is by her age rendered more serious. Her many friends will regret to learn of her misfortune. This morning she was reported resting easy.

## A LOVABLE MAN.

The life of the late Senator M. A.  
Hanna shows how ephemeral is either  
the praise or the censure of the people,  
if it is undeserved.

Says the Louisville Herald:

"In this country of abounding vari-  
ety and sharp contrasts nothing has  
been more astonishing than the revolu-  
tion in feeling with respect to the  
personal and political estimation in  
which the late Senator Hanna was  
held. Eight years ago, and even four  
years ago, he was held up to execra-  
tion by a large section of the press of  
the country as the personification of  
political corruption and personal self-  
ishness and hardness. Now, in his  
death, he is held up as a model citi-  
zen, a great patriot, true to his friend-  
ships, loyal to his duty and as one of  
the most benevolent and kindly men  
in his personal nature."

The censure heaped on Senator  
Hanna was the result of gross mis-  
representation. Writers on scores of  
partisan journals all over the country  
pictured him as a political fiend, a  
corrupt politician without principle  
and without honor. This impression  
gained some ground, naturally, be-  
cause the people did not know.

In the course of time it was found  
that this impression was wrong and  
unjust; that Senator Hanna was an  
entirely different kind of man from  
what he was pictured. This has since  
been conclusively shown, and as a re-  
sult today the late senator is mourned  
almost as much as any public man  
who ever died in America.

It simply exemplifies the old adage:  
"Truth," crushed to earth, will rise  
again.

## THE HUMOROUS SIDE.

All is not gold that glitters. It is  
now claimed that Congressman Shaf-  
roth, instead of being patriotic in his  
voluntarily giving up a seat in con-  
gress, was actuated by a desire to  
make a grand stand play and be sent  
back from Colorado in a year, for a  
much longer term than had he re-  
mained now.

The humorous feature of his resig-  
nation, according to a Washington  
dispatch, in view of the fact that the  
women who have given encouragement

and prominence to the equal suffrage  
movement in the country are now as-  
sembled there, is the fact that women  
voters and political workers contribut-  
ed most to Shafroth's apparent ma-  
jority.

"Exhibit No. 61," says the dispatch,  
"submitted by the contestant, Mr.  
Bonying, is a fair sample of the  
manner in which the woman suffrag-  
ists committed frauds in the election.  
This exhibit is an affidavit made by  
Mrs. Beatrice Muhleman, apparently  
an ardent woman's rights advocate,  
and formerly a clerk in the legisla-  
ture. She frankly admits the part  
which she had in the frauds, and im-  
plicates several other women."

The Chicago Record-Herald jocosely  
remarks that the Kentucky paper that  
poked fun at a Massachusetts college  
for having to close temporarily be-  
cause of a lack of water did so know-  
ing that such a thing could not hap-  
pen in Kentucky. The Record-Herald  
would not blame us if it could see the  
water now.

It is reported that Japan requested  
the presence of "Fighting Bob"  
Elliott in the Far East because "Figh-  
ting Bob" can supply something the  
Japanese language lacks—plenty of  
picturesque "eusa words."

Mayfield has organized an anti-a-  
lcohol league, but what she needs is an  
anti-blind tiger league.

## SECRET WEDDING

Miss Flora May Clark and Mr.  
James Young Married.

United December 18, 1902, at Park-  
ersburg, West Va.—First  
News Today.

## MARRIED OVER A YEAR AGO

Mrs. S. H. Clark, of Ninth and Clay  
streets, today received the first au-  
thentic news of the marriage of her  
daughter, Miss Flora May Clark,  
known on the stage as "Lillian Lau-  
caster," to Mr. James Arthur Young,  
on December 18, 1902, at Parkersburg,  
West Va.

Mr. and Mrs. Young carefully guard-  
ed their secret for over a year because  
the young lady's mother was opposed  
to her marrying for a few years on  
account of her age.

Nearly two years ago Mr. and Mrs.  
Young met. Miss Clark, as she was  
then, just entering a successful career  
on the stage, and was the leading lady of  
E. J. Carpenter's "Quo Vadis." Mr.  
Young played the leading part, and  
they were then in love. They were  
in Paducah and Mr. Young then asked  
the young lady's mother for her  
daughter's hand, but was refused be-  
cause she was so young.

At the opening of the next season  
the young lovers secured places in the  
"Man to Man" company and at Park-  
ersburg decided to marry. They were  
wed by Rev. Dr. Moore of the Episco-  
pal church, and so well did they keep  
their secret that no one knew of their  
marriage except a few actors and ac-  
tresses, and no one believed them  
when they told it, not even the young  
lady's family, when rumors came to  
them.

Last summer Mr. Young came to  
Paducah and gave "Faust" for the  
benefit of a local charitable organiza-  
tion. It was then reported again  
among a few that he and Miss Clark,  
the latter who played the part of  
"Marguerite," had been married for  
some time, but they denied it.

A few weeks ago the young wife  
gave birth to a boy baby, who lived  
only a short time. She was away  
from her company about two weeks  
in New Jersey, but has now rejoined  
them, the Verona Stock, and her many  
friends will be glad to learn is again  
in good health.

Mr. Young is this season in the  
"Searchlight of a Great City" Co.,  
and is doing well.

Miss Eugenia Clark, a sister of the  
bride, leaves in a few days for New  
York, to join her sister. Mrs. Wolke-  
witz, another sister, of St. Louis, is  
now with her, and will remain with  
her for several weeks.

## SHELLED ISLANDS

American Boat Reported to  
Have Bombarded.

San Juan, P. R., Feb. 18.—A pri-  
vate message from Santo Domingo  
City, dated February 17, says that an  
American warship bombarded the in-  
surgents at Pajarito near Santo Do-  
mingo, and landed marines. The men  
subsequently re-embarked.

## AMERICANS MENACED.

Washington, Feb. 18.—The landing  
of marines at Pajarito, near Santo  
Domingo, by an American warship, no  
doubt was authorized by the com-  
manding officer as a result of some  
menace to American interests in that  
section of the country. The cruiser  
Columbia is now at or near Santo Do-  
mingo, and the marines landed, pre-  
sumably were from that vessel. Her  
commanding officer is Captain J. M.  
Miller. The unsettled condition of  
affairs of Santo Domingo, bordering  
in many places on anarchy, with its  
consequent menace to American inter-  
ests has been a source of considerable irri-  
tation to the administration and Ad-  
miral Wise, the senior naval officer in  
those waters, has been given large dis-  
cretionary powers to deal with the  
situation.

## TREW A BOMB.

Baku, Russia, Feb. 18.—Trans-Cau-  
casus, Monday, Feb. 15.—During a pa-

triotic service in the Armenian church  
hero today just as the clergy had  
ended chanting a Te Deum and pray-  
ing for the success of the Russian  
arms a bomb was thrown at the offi-  
ciating priest. Two persons were  
killed and several were injured. After  
the excitement had been allayed the  
congregation marched in procession to  
the residence of the governor, carrying  
the czar's portrait and presented the  
governor with a patriotic address and  
\$5,000 for the families of the victims  
of the outrage.

## NAVAL RECRUITS.

SEVERAL ACCEPTED BUT HAVE  
NOT BEEN SWORN IN.

Roy McGuire, of Paducah; James  
Bentho, of Cairo; William Hayden, of  
Davies county; George Weik, of Cairo,  
and Napoleon Bonaparte Acuff, of Pa-  
ducah, have been received at the U. S.  
naval recruiting station here. None  
have been sworn in, however, and  
several will have to get the consent of  
parents or guardians, before they can  
be formally received, since they are  
under age.

WAS A KILLING IN ELIZ-  
ABETH TOWN, ILL.

Mayor Vinyard, of Elizabethtown,  
Ill., and family are at the New Rich-  
mond hotel and this morning received  
a telephone message from home say-  
ing that there had been a killing in

Elizabethtown last night.  
A man killed a resident named John  
Drew and made his escape. Officers  
are after the murderer and hope to  
capture him today. No details of the  
affair were received here except that  
Drew died soon after the shooting.

Mr. James A. Spence, assistant city  
jailer, was called home today at noon  
to Providence, Ky., by the serious ill-  
ness of his father.

## IN SAMAR'S WILDS

OUR SOLDIER BOYS HAVE MANY HARDSHIPS.

A surgeon in the United States Volunteers serving in the wilds of Samar, Philippine Islands, scouting every other day and being shot into every night by way of variety says: "Scouting through dense forests overgrown by luxuriant vines was like entering each day into a tunnel.

"The foliage was so dense, no light of the sun ever penetrated or breath of wind ever entered and there were miles and miles of this trail, the monotony being broken only by holo attacks upon us by the insurgents.

"Without water—and no one knows what that means to a thirsty soldier unless he has traveled miles and miles without one drop in his canteen—we marched, on foot unsuited to the climate. These things and the violent work, broke many of us down physically, some with fevers, some with dysentery and others with organic troubles.

"My mitral valve finally refused to perform its work and when my skin turned blue with both limbs swollen to twice their natural size and I saw two people where there was only one I was sent home to die. But I fooled some of the best surgeons in the service by simply adopting Grape Nuts as a food.

"Nothing would remain on my stomach not even water, and ice was an unknown product in Samar. Everything had been tried and every food had failed, until, coming home to die, one of my companions on the trans-continental train advised me to try Grape Nuts.

"I did not know what they were but I looked over the menu once again and noticed Grape Nuts on the bill of fare. Some were ordered and with nice thick cream the food seemed to strike the right place and from that day to this I have been a user of Grape Nuts. It solved the problem and brought me back to health and now I have it on my table twice a day.

"As a medical officer I have recommended Grape Nuts food wherever I had weak stomach to treat and the results have always been splendid." Name given by Postum Co., Battle Creek, Mich.

## V M C A MEETING

Paducah Delegates Left Today for Bowling Green.

To Attend Annual State Convention of Kentucky Association, Which Opens Tonight.

## VERY INTERESTING PROGRAM

Secretary Stuart B. Hanna, of the local Y. M. C. A., Physical Director H. E. Steele, Ned Ashbrook, Ben Griffith, Guy Martin and Carl Leigh left this afternoon for Bowling Green, to attend the twenty-sixth annual convention of the Kentucky Y. M. C. A., which will convene there this evening. Mr. Hanna has been chosen one of the press secretaries.

The convention will last four days and the program contains many interesting features. Dr. Barris A. Jenkins who has just concluded a lecture course here on the "Life of Christ," under the auspices of the Y. M. C. A., will speak Saturday evening on "Young Men and World Evangelization." Mr. F. J. Michel, field secretary, who is well known here, will present "Present Day Problems." Mr. Allen Jameson, of Nashville, Tenn., a successful boys' worker, who is also known in Paducah, appears twice on the program: State Secretary H. E. Rosevear will preside over the closing meeting of the convention Sunday evening. Physical Director H. E. Steele of this city, will give an address on "Association's Boys Clubs."

An exhibit of the work of the associations of the state in which the Paducah association will be represented will be given. This is an entirely new feature.

In the way of social entertainment a reception and banquet will be given by the citizens of Bowling Green to the delegates Friday at 5:30 p. m., and on Monday a trip will be made to Mammoth Cave.

To Retire Professors.  
Yale professors will hereafter be retired from service, except in special cases, at 68 years of age.

## THE STROLLERS

After the reverberations, carried from rock to rock with monotonous repetition, had ceased the stillness was absolute. Even the song bird remained frightened into silence by those awful echoes. Then the sun rested like a benediction on the land, and the white crescent of Cortes was distinctly outlined against the blue sky. But soon the long roll of drums followed this interval of quiet.

"Fall in! Attention! Shoulder arms!" And the sleeping spirit of the Aztec war god floated in the murmur which, increasing in volume, arose to tumultuous shout.

"On to Chapultepec! On to Chapultepec!" came from a thousand throats; arms glistened in the sun, hinges sounded resonant in the air, and the pattering noise of horses' hoofs mingled with the stentorian voices of the rough teamsters and the cracking of the whips. Like an irresistible, all compelling wave the troops swept out of the valley to hurl themselves against castle and fortress and to plant their colors in the heart of the capital city.

### CHAPTER XXXIII.

THE reception to General Zachary Taylor on his return from Mexico and the inauguration of the carnival combined to the observance of a dual festival day in the Crescent City. Up the river, past the rice fields, disturbing the ducks and pelicans, plowed the noisy craft bearing Old Rough and Ready to the open port of the merry-making town. When near the barracks the welcoming cannon boomed and the frightened darkies on the remote plantations shook with dire forebodings of a Mexican invasion.

The boat rounded at the Place d'Armes, where, beneath a triumphal arch, General Taylor received the crown and chaplet of the people, popular applause and a salvo of eloquence from the mayor. With flying colors and flourish of trumpets a procession of civic and military bodies was then formed, the parade finally halting at the St. Charles, where the fatted calf had been killed and the succulent ox roasted. Sounding a retreat, the veteran commander fell back upon a private parlor to recuperate his forces in anticipation of the forthcoming banquet.

From this stronghold, where, however, not all of the enemy—his friends—could be excluded, there escaped an officer, with, "I'll look around town a little, general."

"Look around?" said the commander at the door. "I should think we had looked around. Well, don't fall foul of too many Jupes."

With a laughing response the young man pushed his way through the jostling crowd near the door, traversed the animated corridor and soon found himself out on the busy street. Amid the variegated colors and motley throng he walked not, however, in King Carnival's gay domains, but in a city of recollections. The tavern he had just left was associated with an unforgettable presence. The stores, the windows, the thoroughfares themselves were fraught with retrospective suggestion of the strollers.

Even now—and he came to an abrupt standstill—he was staring at the billboard of the theater where she had played, the familiar entrance bedecked with bunting and festival inscriptions. Before its classic portals appeared the black letter announcement of an act by "Impecunious Jordan, Ethiopian artist, followed by a tableau of General Scott's capture of the City of Mexico." Mechanically he stepped within and approached the box office. From the little cupboard a strange face looked forth. Even the ticket vender of old had been swallowed up by the irony of fate, and instead of the well remembered blond mustache of the erstwhile seller of seats a dark bearded man with sallow complexion inquired: "How many?"

"One," said Saint-Prosper, depositing a Mexican piece on the counter before the cubbyhole. "We've taken in plenty of this kind of money today," remarked the man, holding up the coin. "I reckon you come to town with old Zach?"

"Yes." The soldier was about to turn away when he changed his mind and observed, "You used to give legitimate drama here."

## CLEVER BILL

DEPARTMENT SENDS OUT WARNING FROM WASHINGTON.

Local government officials and the police have received notification from the department at Washington that a dangerous counterfeit bill is in circulation, and to be on the lookout for any of them in this city.

The notice states that the bill is one of the Third National Bank, of Rockford, Ill., check letter B., series 1902. It is signed by J. W. Lyons, register of the treasury, and Ellis H. Roberts, treasurer of the United States, and has a portrait of William McKinley on it. The counterfeit is a photographic reproduction on two pieces of paper, between which silk threads have been cleverly distributed.

To the careful man it will not be a hard matter to detect one of the bills. The treasury and bank numbers are in red ink instead of blue, the latter color of ink being on the genuine. The charter number on the bill is 479. The letter "M" which appears on the face of the bill in two places, is printed in dark brown ink, while those on the genuine note are in red.

The back of the counterfeit note is brown, badly faded, instead of green, as it is on the one issued by the bank. Capt. W. H. Morna who sends the circular does not give any additional information regarding the matter, but as this vicinity is in line to receive money from all parts of the country, some of them may drift this way and the public is warned to be on the lookout.

To the initiated, the bill is a dangerous one, and would easily pass, but to the experienced eye, and trained fingers, the fact that it is made of two pieces of paper with the silk threads between, and the wrong color of the ink need would make it a hard matter for one of them to get through without being detected.

### GROUP.

Begin with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1.00.

Sold by Du Bois, Kolb & company, Paducah, Ky.

### THINKS HE SAW IT.

Col. Q. Q. Quigley, attorney, thinks he saw the "varmint" which has been killing dogs in the vicinity of Wallace park for some weeks. It trotted across the road not far from the car terminal while the Colonel was going from his home in Arcadia to the car. It appeared to be a dog, but was very large and ferocious looking.

### HEALTH.

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by Du Bois, Kolb & company, Paducah, Ky.

### SENATOR HANNA WAS INTERESTED IN MANY ENTERPRISES.

Cleveland, O., Feb. 18.—The value of the estate left by the late Senator Hanna is estimated at from \$7,000,000 to \$8,000,000. It is stated that he owned at least 15 per cent of the stock of the Cleveland Electric railway, capitalized at \$23,000,000. In addition to being largely interested in vessel and iron mining properties he was a director in the United National bank, Guardian Trust company, the People's Savings and Loan company of this city and Cleveland and Pittsburgh railway. He was a large stockholder in the American Shipbuilding company and the Pittsburg Coal company. He owned the Euclid Avenue opera house in this city. Preparations are being made to drape all the hundreds of street cars operated by the Cleveland Electric Railroad company in mourning colors. Senator Hanna was a director and probably the largest individual stockholder in the company at the time of his death.

### JUST A LITTLE LOAN.

From the Washington Post. Hon. John Allen of Tnpelo, a member of the government exposition of the St. Louis fair, called on Secretary Root recently. After they had exchanged remarks about the exposition the secretary said:

"I understand they want four and a half millions more to make the exposition a success?"

"Only as a loan," replied Allen; "a duly authorized and well secured loan."

"Well, I guess the government can afford it," said Root. "We will make it upon the saving for carriages and coachmen."

"I notice that there is an era of reform in that direction," observed the Mississippian. "I have always been interested in these movements of reform. From the time I entered congress many reforms have been attempted, but the only one that ever succeeded was shutting off the sale of liquor in the senate and house restaurants."

### DANIEL HAD FORGOTTEN.

Senator Daniel of Virginia, who has just been re-elected, is the author of a standard law book entitled "Daniel on Negotiable Instruments." He was explaining one of his law lectures one day how he came to write the book. He said he was in his office some years ago when a man came in and asked him if eight drafts carry three days of grace. He didn't know. None of the other lawyers knew, and it took a visit to a bank to find out. He then determined to write a comprehensive work on all negotiable instruments, and he did so. As the senator was finishing a young man in the class said: "Senator, do eight drafts carry three days of grace?" Daniel hemmed and hawed, looked confused, and finally said: "Upon my soul, young man, I have forgotten."—Philadelphia Record.

### MORE MEN HURT—TWO VERY SERIOUSLY.

Nashville, Tenn., Feb. 18.—In a freight wreck at Cowan, on the Nashville, Chattanooga and St. Louis railway, five men were injured, two seriously. A northbound train, consisting of five engines and one hundred cars, coming over the Cumberland mountains crashed into a standing southbound train at the foot of a heavy grade at the station. Brakeman A. L. Crim has concussion of the brain from the injuries received; Ernest Glenin's leg was mashed and it was later amputated. Three others were injured painfully.

### ITCH—RINGWORM.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottle. Sold by Du Bois, Kolb & Co., Paducah, Ky.

## GOES WEST

### TO REGAIN POSSESSION OF HIS PROPERTY.

Mr. John Knape will today start for Lincoln, Neb., and it is understood will make an effort to recover some property left recently to his mother and himself by an uncle. It is said the estate is between Lincoln and Plattburgh, Neb., and is worth \$25,000, and that a lawyer came here and succeeded in making Mr. Knape believe that the estate was not worth much, would be involved in litigation, and finally induced him to sell out his interest for \$4,000. Learning of the alleged misrepresentations, Mr. Knape will attempt to regain possession of the property.

## COAL FEEDER

## Theatrical Notes.

Miss Rosella Knott, in "When Knighthood Was in Flower," Charles Major's charming story, won the admiration of an appreciative audience at the Kentucky theater last night. She had a good supporting company, and the interest of the audience never waned. Miss Knott is pretty, graceful and clever. Her style is much like that of Henrietta Crossman, and she won a place in the hearts of her auditors early in the play.

Ogden Stevens has a good conception of King Henry VIII., and Frank Sylvester as "Charles Brandon," was equal to the part. The characters were well sustained, with the possible exception of Miss Day as the Queen. She did not make much of an impression on the audience, possibly because there was none to make. There are five acts in the play, and they do not lack in interest.

Miss Knott is comparatively a new actress and is a good one. She has already proven this.

Miss Marlowe was the first to give a stage version of "When Knighthood Was in Flower." She made a great production of the play with a great company, and her success in the part was immediate and certain. Her laurels are being worn by an entirely worthy successor. Miss Knott, aside from the dramatic talent possessed, is also a woman of personal charm. She has an easy, graceful style about her; a scope of gesture entirely befitting the role she plays and in doublet and hose is a picture not quickly forgotten. She may be a member of the younger generation, but she will surely be one of the best and most popular players of the present generation. This was well shown by her reception last night. Miss Knott is well supported. Her leading man, Frank Sylvester, was a few seasons ago with Otis Skinner.

The bitterness of friendship turned to hatred is vividly portrayed in the character of the villain in "The Little Homestead." Here is a man whose soul is consumed with the desire for revenge upon his one-time college chum for an imaginary wrong. But in the cruel execution of his vow, the villain works his own undoing and finds his punishment in death at the hands of a faithful little cripple who has been devoted to the erring wife. This will be the attraction at The Kentucky Monday night.

Mr. Francis Ferari, proprietor of one of the big carnival companies, has written that he desires to bid on furnishing attractions for the Paducah carnival this spring. He now has a big zoo at St. Louis.

## CAPT CLARK ILL

REPRESENTATIVE FROM THIS COUNTY HAS ERYSIPELAS AT FRANKFORT.

Miss Hattie Clark and Mr. Charles Clark were called to Frankfort this morning, by the serious illness of their father, Captain W. O. Clark, member of the Kentucky house of representatives from McCracken county. The message stated that Captain Clark was suffering from erysipelas of the nose.

Captain Clark is a man of advanced years and is the oldest member in the present legislature, but has always been unusually vigorous and it is hoped that his illness will not prove dangerous.

## NOT SETTLED

LON HEDGES WILL BE IN THE AMERICAN ASSOCIATION HOWEVER.

Lon Hedges, the Paducah pitcher last year with the Milwaukee Americans, has returned from a trip to St. Louis and several other cities. He has not yet decided where he will go the coming season, but will be with either the St. Louis or the Cincinnati Americans. The baseball season will soon be at hand, and Hedges will leave Paducah to get into training.

## NOW BETTER

FORMER PADUCAHAN ATTACKED BY PARALYSIS.

Mrs. L. S. DuBois has received news that her father, Mr. Isaac Schoonmaker, of Wall Kill, N. Y. has had a stroke of paralysis. He was for a day or two in a critical condition, but is now better. Mr. Schoonmaker formerly lived here, and has many friends.

## IN COURTS

Hang Jury Still in the Temple: Smallman Case.

Two Cases Only on the Police Court Docket This Morning.

MINOR COURT NOTES.

This morning the Evansville Brewing Association filed a petition against Mizee & Edmunds, saloon keepers, to recover an alleged debt of \$222.20. The firm did business at Ninth and Washington streets.

An answer was filed in the case of Lillie Boyd against F. Clifton Burnett, suit for divorce.

A motion with reasons for a new trial was filed in the case of Sam Libel against the city of Paducah in which a verdict for \$50 damages for the plaintiff was yesterday returned.

Abe Bogard, colored, who sued the I. C. for \$2,000 damages for injuries sustained by being struck by an engine, got a verdict for \$375.

The jury still has the case of Nettie Smallman against Henry Temple, suit for \$20,000 damages, and will be discharged this afternoon probably having been out two days without reaching an agreement.

A mandate reversing the case of S. F. Magruder against R. L. Potter and others, was filed today and the case redocketed. The suit was over the title of property.

The case of Charles Meshew against J. W. Riglesberger was on trial at press time and the attorneys were speaking in the case. Meshew is a young boy about 18 years of age who had his left arm cut off by a saw while employed by the defendant. He sues for \$10,000 damages.

REFeree BAGBY'S COURT.

The Julius Looser bankrupt case is in statu quo and still in the hands of Referee E. W. Bagby.

The evidence has been in for several weeks and the case was referred by Judge Evans to Referee Bagby, who has not yet rendered an opinion.

The opinion must say whether or not the evidence in the case is sufficient to pronounce Looser a bankrupt and any irregularities in disposition of assets, will have to be investigated later.

It is not known when the referee will decide the case as he has several matters which come before it and which have to be acted on immediately.

ROBT. SWEETS' WILL.

The county clerk Mr. Charles E. Graham, yesterday took depositions of evidence in the probate of the Robert Sweet will.

Sweet is the engineer killed in the Little Cypress wreck on the I. C. several weeks ago, and the witnesses of the will live here. The will was probated at Louisville however, and the testimony had to be taken here and the depositions sent to Louisville. Sweet left all his property to his wife. Doctors at the I. C. hospital were the principal witnesses.

POLICE COURT.

Hugh Quinn was given 30 days in the lockup for stealing an overcoat from the Goodman & Schwab company.

The case against Charles Averitt, for selling liquor to a minor, was dismissed.

TO FILE MANY SUITS.

Andor's Agent Frank Lucas has gone to Frankfort, and before he returns will file a number of suits against various concerns and corporations for back taxes. It is understood he has quite a batch of them ready.

CASE CONTINUED.

The breach of the peace case against Jim Harnhart was continued in Justice Thompson's court in the county yesterday afternoon on account of the illness of county Attorney Graves, who is unable to leave his room.

COUNTY COURT.

Green Herd, colored, age 24, of the city to Tenchie Carter, city, age 25. First marriage of both.

LEADING ATTORNEYS.

Bagby & Martin, No. 225 South Fourth street, up stairs.

## GOOD SALES

NAT GOODWIN WILL HAVE A PACKED HOUSE IN PADUCAH NEXT WEEK.

The advance sale for Nat Goodwin began this morning at the Kentucky theater, and amounts to over \$500. This is a good sale for a company that will not be here for a week, and Manager English is much gratified over it. There are plenty of good seats left at the Kentucky, and those who desire them, having been prevented by inclement weather from calling for them today, are requested to lose no time, but secure them at once.

Mr. Goodwin, who has not in years played in a city the size of Paducah, deserves a packed house, and will doubtless have it.

## INTEREST CONTINUES.

REV. MR. SEXTON DRAWING LARGE CROWDS AT SECOND BAPTIST CHURCH.

Rev. Thomas Sexton, of Knoxville, Tenn., preached to a large congregation at the Second Baptist church last night, from the theme "Jesus at the Door." There were seven conversions, making 25 in all since the meeting began.

The meeting will continue through this week and next, with preaching by Rev. Mr. Sexton at 8 o'clock in the afternoon and at 7:30 o'clock in the evening.

Iverson Gilbert, an aged negro, died last night at 922 Madison street. He was 78 years of age. The burial took place today in the county graveyard.
